

CSS Enrollment Form

2012 Seasonal Harvest Programs

Make checks payable to: Community Supported Seafood, P.O. Box 15230; Phila, PA 19125

This is a Purchase Order that is subject to delivery only after the payment has been received and processed for each share selected. CSS 2012 Winter/Spring Seasonal Harvest Programs shall remain OPEN for enrollment until all shares are sold. Deliveries will be scheduled for individual CSS upon commencement of the specified harvest. Please refer to the "ETA" column below for approximate dates to begin expecting your emailed CSS Schedule. You may opt out of the CSS schedule. Dates and times for each p/u are subject to harvest availability and transportation limitations due to weather or unexpected delays. CSS distribution e-receipts and schedules will be sent by email before the upcoming distribution. Welcome to Otolith's CSS 2012 Winter/Spring Seasonal Harvest Programs!

Email Address: _____

Do you authorize Otolith LLC to purchase for you up to the specified seasonal species indicated on this form? _____

Will you contact Otolith LLC and confirm any P/U which is not convenient for you or pay \$5 for a missed P/U not confirmed? _____

Did you read the CSS Terms that allow Otolith LLC to buy on your behalf, transport and distribute to you without holding Otolith LLC responsible for personal losses to you once your money has been spent in the interest of harvesting or purchasing fish or shellfish on your behalf? _____

Read and Sign the CSS Purchase Order Terms

By purchasing a Community Supported Seafood, CSS, membership you agree to: 1) become a temporary member of Otolith's CSS program accepting your seasonal wild fish or shellfish purchased by Otolith LLC as compensation for your member investment, 2) accept the shared risk of allowing Otolith LLC to contribute a portion of all CSS funds to the upfront costs of any CSS harvester, transportation, storage and/or handling prior to distribution, 3) accept responsibility for keeping your fish or shellfish frozen after each CSS pick/up, and 4) indemnify Otolith LLC or its affiliates of any responsibility to repay your CSS investment in the event of any loss essential to the successful harvest, transport or distribution of the CSS such as the loss of vessel, crew member, gear or loss of fish or shellfish quality through any means after its harvest or purchase rendering it unsuitable for consumption or sale.

Your CSS will arrive in average weight 3-5 pound blast-frozen packs providing the highest quality sustainable harvested U. S. fish or crab on the market. Otolith's premium seafood once thawed and stored between 34-40 degrees may maintain its quality for up to 3 days and can be cooked and eaten up to 7 days after it has been thawed. Otolith's crab is partially cooked and is recommended that you completely cook crab before eating. Otolith's fish is sushi-grade and may be eaten raw up to 6 hours only after it has been thawed using Otolith's Quick Thaw® method and provided it has been kept dry and stored between 34-40 degrees using refrigeration to control the temperature of your sushi grade fish. Fish thawed under refrigeration for durations in excess of 6 hours or improperly held at temperatures above 40 degrees will not be suitable to consume raw. It is the responsibility of each shareholder to learn and use Otolith's Quick Thaw® method before serving Otolith's fish as sushi or other raw service food.

_____ [Initial here]

CSS will be picked/up all at once or 3-5 lbs. at each P/U [subject to scheduling availability]. The preferred abundant species sourced through this CSS shall be Alaskan wild harvested seasonal 2012 fish and crab. Otolith's goal is to assist the sustainable commercial harvester with upfront costs of participating in specific sustainable quota or limited entry fisheries governed by Regional Management Councils and/or the Alaska Department of Fish and Game or the International Pacific Halibut Commission and to contribute responsibly toward the costs of effective fishery management while improving access to the best domestic sustainable fish or shellfish for the benefit of the market Otolith serves.

If Otolith is not able to provide information regarding your harvester, Otolith may provide area of harvest, fishery management protocol, fishery gear type, thawing, handling and cooking of your highest quality available seafood upon request. Your CSS 2012 wild fish and crab will be sourced from low environmental impact sustainable harvesters in select areas including: Southeast Alaska, Bristol Bay and Aleutian Islands U.S. Exclusive Economic Zones, and may be purchased directly from harvesters or processors. Otolith will provide harvester's vessel name when applicable and to be read as follows: F/V [fishing/vessel]"Name of Vessel ". Further vessel information may be available online at www.otolithonline.blogspot.com/.

Otolith recommends that you put your share directly into a freezer after it has been picked/up, and cook all frozen crab without thawing.

Otolith assumes responsibility for the purchase, process, and transportation of your CSS to your designated pick/up location excepting for any unforeseeable loss of the CSS as a result of circumstances beyond our control as stated above. You are guaranteed only an equal portion of all fish purchased on behalf of the CSS. Owing to the affiliated owners of Otolith LLC and Community Supported Seafood LLC, Murat Aritan and Amanda Bossard respectively, our combined commercial fishing experience of more than 20 years and our direct market sales established in 2001, we estimate the 2012 CSS Programs to provide up to the total pounds specified on the CSS Enrollment Form for each CSS 2012 Program of each individual CSS share you purchase.

Otolith reserves the right to purchase from multiple harvesters and/or processors for seasonal harvested fish and shellfish.

Otolith cannot guarantee the contents of any share delivery. You are guaranteed an equal portion of the total CSS purchase and the highest quality sustainable seafood available. Otolith will sell up to 250 shares of each CSS 2012 Harvest Program between the period beginning 2/8/12 and ending on or before 5/30/12. All 250 shares are to begin distribution one week after the closure of the CSS enrollment period.

Otolith reserves the right to cancel the CSS and refund your money if the market value of the species defined does not support the CSS Program details or for insufficient CSS funds due to limited shareholder participation. Otolith guarantees the refund of your CSS payment in the event Otolith cancels the CSS prior to the purchase of the preferred species.

In the interest of Otolith LLC and other CSS members, with respect to the limited time offer of CSS, requests for refunds will be honored up to one month prior to the "ETA" harvest date. If you are dissatisfied with the quality of your CSS, Otolith's CSS Manager will review your complaint in which case refunds will be subject to approval. A \$20 administration fee applies to all refund requests and refunds may take up to two weeks to receive. All refunds will be issued in the form of a check from Otolith LLC.

Mail your completed CSS Enrollment Form and payment to: Community Supported Seafood, P.O. Box 15230; Philadelphia, PA 19125. Call 215-426-4266 or 215-531-0922 for all CSS inquiries. Contact: Amanda Bossard, CSS Manager
